## THANK YOU

We would like to take this opportunity to thank our clients who have been working with us and help push us to make better and better products and designs. We are working hard in order to meet your requirements and we are not stopping just here. We will continue to stride forward to come up with more beautiful and exciting designs.

Martin Filskov Olsen  
Director  
Asian Design House

# OUR COMPANY

## ASIAN DESIGN HOUSE CO., LTD

Asian Design House Co., Ltd was established in 2004 with the mission to develop distinctive decorative products to the world. Our company was created by a Danish ex-management consultant, Martin Olsen who has the passion for design and strongly believes in using only the natural and sustainable materials to create uniquely designed lacquerware and wooden products.

In 2006, we began to manufacture and market natural inspired wooden lamps. Over the last 4 years, the company has grown rapidly with more and more orders from our international clients who love our designs. Now we are serving clientele from more than 50 countries around the world.

## ABOUT O'THENTIQUE BRAND

All our products are marketed under our brand, O'THENTIQUE. We have the icon of Nature's Fingerprint. O'THENTIQUE designs are the groundbreaking mixture of tradition and innovation.

The brand has 3 fundamental values which are synonymous with the concept of our products:

- **Use of natural, recyclable and sustainable materials.**
- **Innovative and Contemporary design**
- **Authentic way of crafting each product into a masterpiece.**

All our lamps are hand-made by skilled craftsmen and that's why we can guarantee that each piece of our lamps will be uniquely different!

## OUR TEAM

We are a team of young and driven professionals who strive to meet the demands of our clients. We have a Thai and European Management team who has significant experience in export, quality management and design. Our English speaking team is well-trained to provide support and services to our world-wide clientele. Please feel free to contact us at anytime. Meet our team here.

## OUR PRODUCTS

O'THENTIQUE natural wooden lamps have been inspired by Asian's tropical nature and its abundance in unique and naturally shaped wooden vine, roots, tree trunk and branches.

These beautiful pieces of natural roots, tree trunk, tree branches and wooden vine are then washed, sanded and treated to reveal the beautiful texture underneath. With skilled craftsmanship, each piece of wood is assembled together to create one of a kind wooden table lamp, floor lamps or chandelier.

Within this catalog, you will be amazed by the distinctive design of O'THENTIQUE wooden lamps

All our lamps are CE and ROHS compliance. You can check out our CE certification and ROHS certification in the appendices.

All our lamps are also UL and CUL compliant. You can check out our UL online certification at [www.ul.com](http://www.ul.com). Go to "Certification" and you can type in Asian Design House as the company name or you can type in our UL file number:

For Portable Luminaire (Table and Floor lamps): E 328885  
For Fixed Luminaire (Chandelier and Wall lamps): E 328884.

You are most welcome to visit our showroom and factory in the outskirts of Bangkok, Inform us when you will arrive in Bangkok and we will be happy to arrange our drive to pick you up.

We attend fairs in Singapore, Frankfurt, Hong Kong, Bangkok and Shanghai. Our factory is UL/CUL and CE certified. We pack well, we deliver a quality product on time and on top of that we are very nice people!

# O'THENTIQUE

## Nature's Fingerprint

by Asian Design House Co., Ltd.

It's going to be another great year here at Asian Design House and, as always, we're working hard to bring you new products to stock your showrooms and wow your customers with! Their satisfaction and yours are our highest priority.

First, we've added even more new and exciting designs to our popular and extensive range of driftwood lamps. Don't worry, we've kept our focus right where it's always been – on quality, sustainable materials with a beautiful finish and unique presentation. Thanks to your valuable input, we've always known that our designs are trendy, but this year we also received professional recognition in the form the "DE Mark Design Award" and the "G" Mark Design Award in Japan, reinforcing what you've told us. Of course we'd rather hear it from you than anyone, but it's good to know that other people are paying attention as well – and if the award's something you can use to promote the products in your point of sale or collateral material then that's the icing on the cake!

In closing, our Asian Design House team of more than 60 people wanted us to let you know that they work hard every day to produce and design new, unique and attractive products to serve your needs and, by extension, those of your customers. We here at Asian Design House are all thrilled with this Collection and that's why we're proud to present it to you.
